The congregation always appreciates the coffee and other beverages served during Adult Bible Study. Thank you working with me.

Each Sunday that you are scheduled, please purchase a 500 ml carton of 10% cream. Give me the receipt and I will reimburse the cost. I will be responsible for purchasing all other supplies.

Prepare one pot of regular coffee first and then flavoured coffee as these are the most requested. Make only one pot of decaf and then a second pot of both regular and flavoured. Occasionally you may have to make a third pot of regular and / or flavoured. The coffees can be served from the dispensers. Make about a half-pot of hot chocolate and keep it warm on a burner. Also prepare a kettle of boiling water for tea – but don't plug in the kettle on the same wall as the coffee machine!

Use the mugs on the cart, not from the kitchen, and set out sugar, tea bags, and stir sticks. There should also be some cookies in the cupboard.

After emptying the unused coffee, rinse the dispensers and store in the cupboard with the lids off. If you need help using the dishwasher for the mugs and carafes, please ask me or anyone else who serves Perk Up.

If you are unable to serve as scheduled, please make a trade. If possible, ask Kalena Klassen, Myra Herman on the Website to make a change on their schedules too.
